

Corner Finisher Tune Up plus Blade Replacement

Take your Corner Finisher Tune Up to the next level by replacing the blades at the same time. This repair package includes everything in the standard Corner Finisher Tune Up PLUS the replacement and calibration of the blades for a perfect finish every time. After we've changed these parts we'll give the Corner Finisher a professional cleaning, lubricate all the moving parts and calibrate the entire tool to factory settings. The following parts will be changed as part of this Tune Up:

Important: If the casting or frames of the Corner Finisher are excessively worn or cracked, these repairs will not guarantee factory-new performance. Our Expert Technicians will advise you of any recommended additional repairs when the tool is examined.

Superseded Parts Policy: As part of our continuous product improvement, certain parts are sometimes superseded by an improved or updated part. In these cases, the actual model numbers of the parts we replace may differ from those listed in this literature but we guarantee that all the parts listed for each repair package will be replaced in regards to placement and function within the tool.

Warranty on Repairs: We warranty all repairs will be free from defects in parts and workmanship for a period of 1 year from the date of the repair. This applies only to the specific parts that were replaced as part of the repair.
